

Testimony of God's Grace in Mongolia!

“My name is Amarzaya. 26 years old. 4 years ago I received Christ as my Savior. I was grateful for His grace and free salvation and have been served for His glory since I became a Christian. But when I discovered my true identity in Christ at the "Grace Life" conference I felt such a great joy and freedom in Christ. Before it I was struggling deeply with my past sad history in my life. So many rejections and wounds broke my heart since my childhood and I tried to hide and forget it. Even I knew that Christ came to release me but it was difficult for me to let Jesus remove the lies. But during this conference Holy Spirit stirred up my soul when I was trying to translate between Don and a Mongolian woman at the prison ministry camp for Christian counseling. While she was talking her family problems I just felt my tears were going down on my cheek and all my past histories came to my mind and I was overwhelmed. It seemed like a thick wall was put down by huge fresh water. Soon I realized that this is God who wants to work in me. But I left the room and headed to the river. You know, I was trying to hide everything and escaping from the healing. What a sad of mine! But I was asking from God that He do whatever He wants. Few minutes later Don was walking by riverside and at the same time a woman brought a horse to let him drink from the river. Both of us saw this picture. Then Don came to me and said that Jesus teaches us as an objective lesson. You see this woman can bring the horse to the river but she can not force the horse to drink. Same way, Jesus gives us eternal water but He can not force us. At this moment a light shining in my heart and I felt very thirsty by God.

But there were blocks in my heart to let Jesus be my life. Don asked from me to pray and talk to Jesus. He led me in prayer and I talked with Jesus about all my rejections and hurts even He knows it already. This was very special and powerful moments. Then I felt freedom and peace in my heart. I convinced that all my need is only Jesus. He is my life. I rejoiced and thanks God for wonderful work He did in my heart. Our God is awesome!" – *(Amarzaya interpreted Grace Life Conference for Don in Mongolia.)*
